

Yashika Shetty

Software Engineer — AI Automation — Python — APIs — React — Node.js

Kalyan, Maharashtra — +91-9930871871 — yashikasshetty15@gmail.com

GitHub — LinkedIn — Portfolio

Summary

Software Engineer with 3+ years of experience building scalable fintech applications and integrating APIs across frontend and backend systems. Skilled in React, Angular, Node.js, and REST API integrations, with growing expertise in Python, AI automation workflows, and LLM-powered applications.

Technical Skills

Languages: Python, JavaScript, TypeScript, SQL

AI & Automation: OpenAI API, Prompt Engineering, AI Workflows, Document Processing

Backend: Node.js, Express.js, REST APIs, .NET Web APIs

Frontend: Angular, React, HTML5, CSS3, SCSS

Databases: MongoDB, MSSQL

Tools: Git, Postman, CI/CD, Pandas, SonarQube

Experience

Software Engineer

June 2023 – Present

Nucsoft Ltd, Mumbai, India

- Built and maintained fintech applications using Angular, React, and .NET across internal and client-facing systems.
- Developed 50+ reusable Angular components, improving UI responsiveness by 30%.
- Designed and integrated REST APIs, reducing manual processing errors by 40%.
- Worked on financial workflows including Credit Deferral, Director Master, and Document Collection modules.
- Improved frontend form performance by 45% using optimized rendering strategies.
- Resolved production issues involving API integrations, validation logic, and workflow automation.

Projects

AI Financial Research Assistant

Python, OpenAI API

- Built AI-powered workflow to fetch financial news and generate structured summaries using LLM APIs.
- Integrated external APIs for financial data retrieval and automated reporting.
- Designed multi-step automation pipeline for insight extraction and report generation.

Financial PDF Analyzer

Python, pdfplumber

- Developed workflow to extract, clean, and structure financial information from PDF reports.
- Automated summarization and key metric extraction using Python-based processing.

Smart Interview Tracker

React, Node.js, MongoDB

- Built full-stack application with dashboards, filters, note tracking, and REST API integrations.
- Developed backend APIs with validation and CRUD workflows.

Education

B.E. in Computer Engineering

Mumbai University

2023

CGPA: 8.9 / 10

Certifications

- HackerRank Certified – Angular
- HackerRank Certified – React
- HackerRank Certified – SQL
